****NEW and Updated Women in Agriculture Resources****

The Ag Safety and Health Community of Practice has revamped the Women in Agriculture landing page and added four new resource articles. The landing page is located at <https://ag-safety.extension.org/women-in-agriculture/> and you can access all of the resource pages from the landing page. As ag safety and health resources are identified and reviewed, the women in agriculture pages will be updated.

July's Safety Theme: Extreme Heat and UV Safety

July's safety focus is extreme heat and UV safety. In agriculture, farmers and ranchers do tasks rain or shine and summer is a very busy time. Here are some resources to share with producers about extreme heat and UV protection:

[Sun Exposure and Agriculture](#) by the Ag Safety and Health eXtension CoP

[Farm Safety Check: Sun Safety](#) by UMASH

[Protecting Yourself in the Sun](#) by Occupational Safety and Health Administration

[Heat Illness and Agriculture](#) by Penn State Extension

[What Workers Need to Know about Heat Stress Prevention during the COVID-19 Pandemic](#)—Centers for Disease Control and Prevention

SAY National Clearinghouse

Ag safety and health curriculum or resources that align with AFNR standards can be located through the SAY National Clearinghouse. Contact [Linda Fetzer](#) or visit the [SAY Project](#) homepage.

Thank you to the CHS Foundation for their support of eXtension.
