

SAY National Clearinghouse

Creating a Culture of Safety

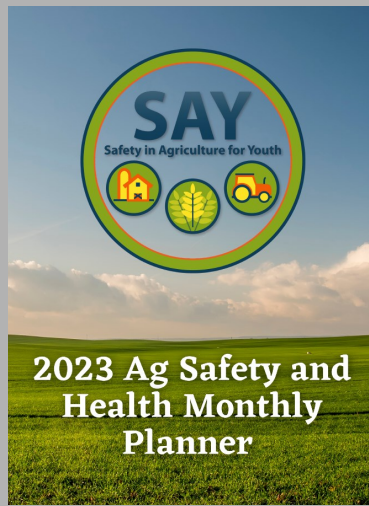

August 2022

AgSafety4U

Ag Safety & Health Monthly Planners

The [SAY Project](#) is a USDA-NIFA grant project who developed and printed a 2023 monthly planner that outlines topics and resources. The audience for the planner is anyone who does youth education (e.g., ag teachers, 4-H leaders, etc.). If you would like planners to handout at events this fall, contact [Linda Fetzer](#).

Clearinghouse Resources are identified within the following two categories:

Formal Curriculum refers to material that: 1) has learning goals or objectives that are clearly stated; 2) includes subject matter content supportive of the learning goals or objectives; and 3) has an evaluation component (e.g., some type of student assessment, such as a quiz).

Other Supporting Resource refers to individualized, originally authored resources, such as technical fact sheet series, video clips, PowerPoint presentations, or other materials that lack one or more of the 3 elements of a Formal Curriculum.

National Clearinghouse Update

The SAY National Clearinghouse has a new look! It was recently moved to the eXtension website which also hosts the SAY Project homepage. You can access all of the SAY project materials from the [SAY homepage](#). The Clearinghouse has some search capabilities, provides the AFNR alignment level for each curriculum/resource, and has a direct link for each material. If you have any questions or improvement ideas, please contact [Linda Fetzer](#).

SAY: Instructor Focus

The team held their 2nd advisor meeting in Dallas and asking Prairie View A&M Extension Educators to review materials. The first draft Nearpod lesson will be presented at NAAE 2022 in Las Vegas which will demonstrate the digital tool. The session is scheduled for December 1st at 1:45—3:00 PM.

Visit the SAY Project website at <https://ag-safety.extension.org/SAY> to access the Clearinghouse.
